# About SAKCON 2025

We are delighted to extend our heartfelt invitation to you for the 4th edition of CAHO SAKCON, which will be held on the 19th and 20th of September at the prestigious Apollo Institute of Hospital Administration, Jubilee Hills Hyderabad.

SAKCON, organized by CAHO's Student Engagement Committee, focuses on topics that help hospital administration students become better managers and leaders. This year's theme, "Sustainability and Green Healthcare" emphasizes healthier healing environments that connect Planet health with Human health. Explore innovative approaches to Resource Efficiency, Waste Management, Climate Resilience and Environmental Responsibility. Join over 500 students and academicians for engaging talks, presentations, and an industry expo. Your participation is vital for our success.

We are committed to making CAHO-SAKCON 2025 a landmark event. Your involvement will not only enhance the conference's impact but also offer your organization substantial visibility and engagement opportunities.

We welcome you to our network of change-makers and visionaries.

## Conference Highlights

- Engaging Panel Discussions and Knowledge Exchange
- Insightful Presentations and Competitive Sessions
- Pre-Conference Workshops and Hospital Visit
- Networking Platforms and Career Placement Opportunities

## Who can attend

SAKCON is exclusively designed for students of Healthcare and Hospital Administration, along with their faculty members and mentors. We also warmly welcome professionals, policymakers, administrators, researchers, Innovators and enthusiasts who are aligned with the principles of Healthcare Quality, Patient Safety, Sustainability, and other critical domains shaping the future of healthcare.

Registration Desk at **+91 86108 56010** | Email us at **sakcon@caho.in**

## About CAHO

A not-for-profit body representing healthcare institutions, diagnostic centres and quality professionals with an overarching aim to promote patient safety through better training for hospital staff, quality through communication skills for the healthcare professional and accreditation in healthcare ecosystem. Our aim is to systematically infuse & spread the message of quality in healthcare at the grassroot level so as to develop a culture of safety in healthcare organizations. We as an association of healthcare institutions, diagnostics centres and individuals pool our resources for achieving the common goals of promoting quality, patient safety and accreditation.

## About AIHA

The Apollo Institute of Hospital Administration (AIHA) is a premier institution in India specializing in healthcare management and administration. Established by the Apollo Hospitals Group way back in the year 1984, AIHA offers postgraduate programs, including the Master's in Hospital Management (MHM), aimed at developing skilled professionals who can effectively manage hospitals and other healthcare organizations. The President of the Governing Body of AIHA is Padma Vibhushan, Dr. Prathap C. Reddy, Chairman, Apollo Hospitals Group.

The institute emphasizes a curriculum that combines theoretical knowledge with practical experience, often facilitated through internships and projects at Apollo Hospitals and other healthcare facilities. AIHA aims to equip students with the necessary skills in leadership, strategic management, healthcare policies, and operational efficiency to meet the growing demands of the healthcare industry.

AIHA has completed thirty (30) eventful years of teaching and research. The alumni have made significant contributions to the healthcare industry, both in India and internationally. Graduates from AIHA often go on to occupy key positions in various healthcare organizations, including hospitals, healthcare consulting firms, pharmaceutical companies, health insurance companies, and governmental and non-governmental organizations. The location and attachment of the institute to the Apollo Health City in Hyderabad, with access to its resources, places AIHA in a class by itself.

## Call for Abstract Submission

We invite abstracts exclusively on Sustainability and Green Healthcare research/projects/ practices but also on topics such as Patient Safety, Healthcare Quality, Operational Excellence, and Service Innovation. Share your work, contribute to meaningful dialogue, and showcase impactful solutions shaping the future of healthcare.
