Uncovering Insights from Real World Cases

JOIN US IN COMMEMORATING WORLD AIDS DAY 2025

MONDAY, 1ST DECEMBER 2025

06:00 PM TO 08:00 PM IST

THEME: OVERCOMING DISRUPTION, TRANSFORMING THE AIDS RESPONSE

FOCUS: Addressing challenges like funding shortages and rising inequalities that disrupt vital prevention and support services, especially for marginalized communities.

Highlights:

1

Overcoming disruption, transforming the AIDS response: the negative impact of reduced international funding on HIV prevention services, the resilience of countries and communities working to keep the response on track.

2

Funding and political leadership: Call for greater international cooperation and sustained political leadership to bridge the financing gap, remove legal barriers, and ensure countries can close gaps in prevention and treatment

3

Community-led services: The importance of community-led services, which are vital for reaching vulnerable populations, is a key point, especially in light of them being deprioritized due to funding cuts.

SPEAKERS

HIV AIDS in Adults - An Update **Dr Anusha Karunasagar**

Speciality Doctor in the Department of Microbiology
Princess Alexandra Hospital, Harlow
HWE Specialty Lead for Microbiology, HSL HWE Laboratories
