Uncovering Insights from Real World Cases

JOIN US IN COMMEMORATING INTERNATIONAL CELIAC AWARENESS DAY

SATURDAY, 16TH MAY 2026

06:00 PM TO 08:30 PM IST

INTERNATIONAL
COELIAC DISEASE
DAY
MAY 16

THEME: EDUCATION, COMMUNITY SUPPORT, AND SAFE GLUTEN-FREE LIVING

FOCUS: Global advocacy for earlier diagnosis, increased research, and improved treatments.

Highlights:

1 Early Diagnosis Can Change Lives:

Celiac Disease is often misunderstood or left undiagnosed for years. This year highlights the importance of recognizing symptoms early and encouraging timely screening for better long-term health outcomes.

2 Together We Can Thrive Gluten Free:

Supporting individuals living with celiac disease through awareness, inclusion, and safe gluten-free lifestyles. Building informed communities helps patients live healthier and more confident lives.

3 Raising Awareness, Building Support:

This day promotes global awareness about the challenges faced by people with celiac disease, including delayed diagnosis and gluten exposure risks. It also encourages stronger support systems, research, and education for a safer gluten-free future
