It was moderated by Mr Prem Chander, HVAC Engineer, CMC, Vellore. The series comprises of one-hour weekly live sessions followed by Q&A, discussions and certification post completion of the entire series.

CAHO & FRIENDS

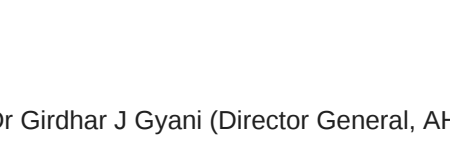

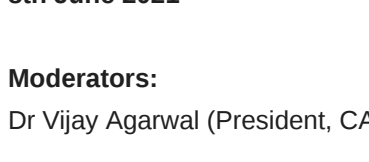

CAHO - 3M Program: Awareness-Compliance-Excellence (ACE)

2nd June 2021

The pivotal role of the Central Sterile Supply Department (CSSD) in preventing hospital-associated infections is well known. However, the department is not manned by highly trained personnel. This brings a strong need for the CSSD staff to know how to perform every CSSD task and understand why this is being performed.

CAHO in association with 3M as the Knowledge Partner, have together formulated a quality initiative for the CSSD facilities in India called ACE. It aims to bring in Awareness, ensure Compliance and reward the hospitals which demonstrate Excellence. This program is a wholesome package for the CSSD professionals and the CSSD Facilities, which offers training, consultation, auditing, certification, and recognition by CAHO.
