Highlights of the Session :

In this session, leading experts on Shared governance in Nursing from across continents, will discuss their experiences on using this decision-making style.

Watch this webinar to learn :

- What shared professional governance is and is not.
- How to establish a structure for shared decision making?
- Adapt decision-making structures to evolving organizational needs.
- How to sustain shared decision-making structures over time.
- Review competencies and measurements that support continuing improvements in how shared governance functions in healthcare organizations.

Date : 18th November 2022, Friday | Time : 5.00 pm - 6.00 pm IST
