Dear Colleagues,

CAHOTECH 2026 – Powering India's Healthcare Transformation through Technology and Collaboration

CAHOTECH, the annual healthcare technology conference of CAHO, invites all stakeholders - hospitals, clinicians, nurses, diagnostics, administrators, policymakers, academia, healthcare startups and industry partners to come together in a collective commitment to safer, more reliable, and patient-centred healthcare.

The 2026 edition marks a significant milestone with the coming together of CAHO and the Andhra Pradesh MedTech Zone (AMTZ) - a unique partnership that brings clinical excellence and technological innovation onto a common platform. This collaboration reflects a powerful synergy between healthcare providers and one of India's most advanced medical technology manufacturing and innovation hubs, creating unprecedented opportunities to accelerate impactful solutions.

CAHOTECH 2026 will spotlight the India story of healthcare technology adoption, with hospitals taking centre stage to showcase their early adoption journeys and real-world implementation of innovative solutions. Alongside, emerging startups will present disruptive, scalable ideas to a distinguished audience of healthcare leaders, incubators, and investors - creating a fertile ground for collaboration and growth.

The conference will then unfold into a rich exchange of knowledge, featuring a compelling lineup of national and international experts who will share insights on digital health, artificial intelligence, automation, medtech manufacturing, and data-driven care. Complementing these sessions will be a vibrant medical expo and curated networking opportunities, enabling meaningful connections, partnerships, and the co-creation of solutions that can transform patient outcomes and healthcare delivery at scale.

CAHOTECH 2026 aims to help healthcare professionals navigate the next phase of India's healthcare evolution—one that is collaborative, technology-enabled, and globally influential.

About CAHO

CAHO is a not-for-profit organization dedicated to fostering quality initiatives in Indian healthcare settings through focused events, courses, workshops, and training programs.

We firmly believe that accreditation marks the initiation of a quality journey. Our mission is to methodically instill and propagate the essence of quality in healthcare at the grassroots level, fostering a culture of safety within healthcare organizations.

As a collective association of healthcare institutions, diagnostics centers, and individuals, we synergize our resources to achieve shared objectives in promoting quality, patient safety, and accreditation. Serving as the driving force for continuous quality improvement, we actively collaborate with all stakeholders to embark on a journey beyond accreditation.

Vision

To be an admired global leader transforming healthcare quality and safety.

Purpose

Working together for safer healthcare and add value to all stakeholders.
