

Exclusive Workshop on 'IGBC Green Healthcare Facilities'

"Sustainability Design & Operation Initiatives for Greening Healthcare"

Energy & Water Conservation | Indoor Air Quality | Health & Well-being of Patients & Staff | Best Practices

25 July 2025 | 1630 to 2020 hrs | Ramada Plaza, Chennai

Healthcare facilities play pivotal roles in ensuring the well-being of occupants while addressing environmental challenges. The session, themed "Green Healthcare: Concepts, Applicability & Interventions for Enhancing Occupant Comfort, Aesthetic Appeal, and Faster Healing," aims to explore innovative green building solutions tailored for healthcare environment.

The multi-city workshops which were organised at **Kolkata** on 28 Feb, **Bengaluru** on 11 April, Mumbai on 16 May and Delhi on 4 July 2025 saw tremendous participation from the healthcare providers from corporate, govt. and others is now scheduled in its fifth and final edition at **Chennai** this year. These exclusive sessions would offer deliberations on sustainable design strategies, energy and water efficiency measures, improved indoor air quality, and biophilic interventions that not only enhance aesthetics however also promote faster healing and better occupant experiences. Join us to discover how green healthcare practices can redefine patient care while contributing to a healthier planet.
