Pre-Conclave Workshop

AI for Healthcare Delivery in India — From Hype to Safe, Useful Practice

📅 **Friday, November 7th, 2025**   📍 **GIM Campus, Poriem, Goa**

Organized by: Centre for Health Systems Design and Management | GIM

About the Conclave

Healthcare is on the cusp of transformation. By 2030, **AI, robotics, digital platforms, and precision medicine** will reshape how care is delivered, accessed, and experienced.

This Conclave will bring together **visionaries, innovators, and policymakers** to explore how technology and business innovation will converge to create a healthier future.

Event Format

1. Keynote Address
2. Two Expert Panels
3. Interactive Discussion
4. Networking Opportunities

Expert Panels

Panel 1: Care Revolution
How AI and Advanced Technologies are Redefining Patient Treatment

Panel 2: Democratization of Healthcare
Innovative Models and Technological Advancement for Universal Access

For the list of panelists, keynote speakers, and other invited healthcare leaders, please visit our Conclave webpage ➤ **https://bit.ly/4pxJTd0**

Pre-Conclave Workshop

AI-powered healthcare technologies are arriving fast, making it crucial for the health workforce to engage with these and turn that momentum into more accessible and higher-quality care. This interactive workshop will bring together the expertise of AI practitioners to develop foundational understanding and practical skills among clinicians, healthcare administrators and others to navigate this technological evolution responsibly and effectively.

What will be covered?

- Demystifying technology: Data literacy for the busy health workforce
- Overcoming adoption barriers: Explainability and Trust
- Practical Demonstrations and Use Cases
- Ethical and Regulatory Considerations.

Who is the workshop for?

This workshop will benefit clinicians, health facility administrators in private and public settings, public health professionals, and anyone interested in safe and effective AI adoption in healthcare practice. No prior AI experience is required

Program Structure

November 7, 2025
9:30 am – 4:00 pm: Pre-Conclave Workshop (with breakfast, lunch & tea)
7:30 pm onward: Gala Dinner
