About Conference

LAPSUMMIT 2025 – A landmark conference shaping the future of laparoscopic surgery, quality, and patient safety. With the theme **"Setting the Standard, Inspiring the Future"**, this summit brings together healthcare leaders, administrators, and technical experts to share knowledge, foster collaboration, and drive innovation in operating theatre practices.

Organized by CAHO (Consortium of Accredited Healthcare Organizations) and GEM Hospitals, Coimbatore, the event provides a unique platform for hospital owners, administrators, quality managers, OT nurse managers, technicians, and biomedical engineers to exchange insights, learn best practices, and align with the evolving standards of modern surgical care.

The conference will feature in-depth discussions and expert sessions on:

- Laparoscopic Techniques in the OT
- Quality and Patient Safety

- Infection Control Practice
- Clinical Audit

Set in the state-of-the-art "**GEM Hospital Auditorium, Coimbatore**", LAPSUMMIT 2025 is more than a knowledge-sharing event—it is a movement to strengthen healthcare delivery, improve surgical outcomes, and inspire the future of minimally invasive surgery
