Submission Requirements

Participants should demonstrate a clear, structured quality improvement journey:

- IDENTIFY:** Define the problem or improvement opportunity.
- DIAGNOSE:** Understand the current process and identify root causes.
- DESIGN:** Develop practical, evidence-based and testable solutions.
- IMPLEMENT:** Execute the intervention using a structured QI methodology.
- MEASURE:** Track outcomes using appropriate indicators and demonstrate impact.
- SUSTAIN:** Standardize successful changes and demonstrate sustainability.

Share. Learn. Improve. Together for Better Outcomes.
