#### Road Safety & Role of Hospitals

-- Sep 12th at 5 pm

The webinar is being conducted in association with Ayushmann Bharat - PMJAY (AB- PMJAY) and the Global Society of HSE Professionals (GSHP). The webinar will be addressed by Road safety expert Dr. Kamal Soi, Member-National Road Safety Council of the Ministry of Road Transport & Highways, GOI. Recognizing the enormity of the problem, the GOI and governments of its different states have taken several steps in recent years.

- What does the law require a hospital to do?
- How will the hospital treat a Good Samaritan - Can he be detailed? Can the personal details of the bystander sought by the hospital?
- Is there a disciplinary action against the doctor who shows a lack of response during the emergency?

#### Participate

#### World First Aid Day: First Aid Saves Lives

-- Sep 13th at 10:30 am

The webinar is being conducted in association with the Global Society of HSE Professionals (GSHP) and Seeds of Sustainability (SOS)

Early identification and first aid can help in quick recovery and reduce the risk of the situation escalating quickly to something more critical. Unfortunately, the knowledge about such common emergencies and first-aid is much lacking in our community and is complicated by myths more than the facts.

This webinar will be addressed by experts and will discuss some of the common emergencies, the myths and facts about those emergencies, and what is the right first-aid to be provided.
